

A simple and secure way for schools to connect, transact and manage all their meal payments solutions, ONLINE!

Our Payment Software gives parents and schools the tools to manage their students' lunch accounts.

Meal plan management

Secure Online Payments

Email Notifications

## The advantage

Improve cash management by giving your parents the ability to make secure deposits into their children's accounts.

### Manage your accounts through one centralized PC!

- Secure Online Payments via ACH or credit card
- 24/7 Access to Order History
- Speed Up Lunch Lines
- Send Email Notifications

PARENTS CAN...

**Check and receive balance notifications**  
**Control student daily budget • Monitor nutrition intake**

A complete School Payment Solution for any school, any size! A cashless option for parents and students. Our online payment portal gives parents the ability to log on to their students' accounts and deposit funds for lunch and other school activities.
